Certificate of Analysis

Accession Number	2509220028
Client	NuScience Peptides
Search Code	NuSc2509220028

Received Date:	9/22/2025
Reported Date:	9/23/2025

Product	GLP-3 Reta 20mg
Net Peptide Content	25.26 mg
Identity	Retatrutide

Lot	000176
Purity	99.829%
Appearance	White Lyophylized Powder

All Chemical Analysis was performed by HPLC with UV Detection Coupled with Mass Spectrometry

Mass Identification	Result
Retatrutide	**99.829%**

COA: 2509220028

The peptide purity analysis reported here was conducted using LCMS/MS under standard laboratory conditions. This analysis is intended for informational purposes only and is specific to the sample(s) provided. The peptides tested are intended for research use only and are not approved for human or veterinary use, diagnostic, therapeutic, or clinical applications. Results should be interpreted by qualified professionals within the scope of the intended research. The accuracy and reliability of the test may be influenced by sample integrity, handling, and other experimental variables.
